

P-04-435 Wales & Border Franchise 2018 to be Operated on a Not-for-Divided Basis - Correspondence from the Petitioner, 24.05.13

"In response Carl Sergeant's correspondence, I'm given confidence by his level of realisticness, I'm aware that multi-national European contracts are a complicated matter and that kind of care to detail is essential but I would say with the new contract not being until 2018 there are 5 years to manage any and all bureaucracy involved.

Is that time not ample to consider and secure a yey or ney?

Thank you for carrying my petition forward for further consideration, I think it would do physical good for the people of Wales."

If you are aware of what I should look for to further evidence this, please let me know, I'm happy to do some leg work.

Merlyn Nathan Cooper
