

FIN(4)FW043  
Finance Wales Inquiry  
Response from Alan Yule

I have been working closely with Finance Wales over the last 5 years and with their support, I have been able to financially assist several customers, where without the help of FW, the deals would not have been viable.

They are an extremely important provider of finance to Welsh business's and they have been crucial to enable us to package lending deals, which have assisted companies to grow their operations and purchase their premises.
