

**P-04-365 Protect buildings of note on the Mid Wales Hospital site –  
Correspondence from the Petitioner to the Clerking, 15.04.2014**

Dear Kayleigh

My sincere thanks to the committee for staying the course with this one.

I received a similar response from the BBNP myself recently. Yet again the subject of the Mid Wales Hospital appears to have disappeared down a rabbit hole without any proper explanation. Fortunately, like the committee seemingly, patience is something I have in abundance so I am going to keep an eye on the agendas for meetings of the BBNPA and wait for it to reappear – maybe then it will be clear why it has been deferred and why Ms Nettleton is unable or unwilling to provide an explanation at this time.

All the best

John
