07-06-14.

Dear Sirs,

Re. August 06-06-14.

Recycling.

Out of all the recycling in
various counties I'd C.C.B.C by far
far the best, they have it right.

new wagons - more money - new
wagons more fuel etc. etc. It's easy
and tidy for people at the moment.

we would have more boxes to
find homes for plus rubbish

spilling over onto roads and walk-
ways, as I have seen in Newport
and various other places.

I have read how C.C.B.C

have prided themselves on the
amount of recycling they have
accumulated, good for them.

Why change something that
works perfectly?

Yours faithfully
