Inquiry into recycling in Wales
Response from: Wendy Johnson

I have just read an article in the Campaign and have to agree with the 95% of residents who would be reluctant to continue recycling if I had to sort prior to collection.

It took me a while to get everyone in my household into the routine of recycling and they do this now without thinking. I have heard friends in other boroughs speaking about their recycling and have always felt fortunate that Caerphilly Council collect everything in 1 bin. I hope they keep things as they are.

Regards
