ABMU HB launched a block recruitment campaign on starting on September 15th 2014 – to December 18th 2014 to recruit Band 5 registered nurses to adult acute and some specialist clinical areas. The campaign to date has so far seen us short list and interview 153 individuals. The campaign included adverts on NHS Jobs, in the United Kingdom wide Royal College of Nursing (RCN) Bulletin, and the Irish Independent. This still leaves ABMU HB with 140 Vacancies in Registered Nurses and we are running a social media campaign on recruitment for registered nurses starting 1st week February 2015.
