Correspondence from the Petitioner to the Clerking team, 21.05.15**

Hi Jessica

Thank you for your email advising that our petition will be reviewed. As you know we put our request for a Public Inquiry on hold whilst the Independent Review by Dr Flynn was being undertaken. The Independent Review has yet to be published so we would ask that you put back your review of our petition for a few more months to allow time for the Independent Review to be published.

Look forward to hearing from you.
